ABOUT ME

Passionate and highly skilled Software Engineer with a Bachelor's degree in **Applied Mathematics and Informatics**, offering over three years of expertise specializing in the *Angular framework*. Committed to leveraging technology to create exceptional user experiences and driven by a strong dedication to excellence in software engineering.

WORK EXPERIENCE

10/2021 – 02/2024 Yerevan, Armenia
WEB DEVELOPER - ANGULAR INSOURCE.AM LLC

Front-end Development:
1. Create user-friendly web interfaces using Angular framework for administrative panels and accounting platforms for online banking company
2. Integrate APIs and services to retrieve and update data, ensuring real-time or near-real-time information access
3. Collaborate with UI/UX designers to create visually appealing and intuitive user interfaces that enhance the user experience
4. Work closely with the back-end team to establish an effective and robust API for seamless communication between the client-side and server-side components
5. Implement SOLID principles

Optimization and Maintenance:
1. Monitor and enhance projects' performance
2. Conduct peer code reviews and team discussions
3. Stay updated on Angular best practices
